

# MATHDICE<sup>®</sup>

## CLASSROOM CHALLENGE

# Organizer's Checklist

### You and Your Team Shall Do the Following:

- Set your Challenge Program calendar including Challenge Deadline and Start Date
- Make sure you have an inventory of Math Dice dice games, at least 1 game per 2 students
- Set your Team Points Goal
- Download, print and post your Classroom Challenge Thermometer prominently, with Point System Chart
- Download, print and hand out a Player Scorecard sheet for each player. Keep extras on hand
- Make a plan for how best to deliver the Math Dice Paper and Pencil games from a PDF download to your players
- Develop and manage the procedure for players to transfer earned Classroom Points from personal scorecard to Classroom Thermometer
- Set a schedule for when you will lead Math Dice Math Talks, run informal Math Dice Mini-Tournaments, and lead Math Dice community Bingo style games. Each session earns you 20 Teacher Classroom points you can use to add to the Classroom Thermometer
- Plan for your Classroom Celebration for when your team reaches their Classroom Goal
- Prepare of your upcoming Math Dice Tournament Week which will be the program Grand Finale!
